TRAINING OF PERSONAL IN NAGPUR

An important part of the introduction of a successful new product lies in product training. A new product without the correct back-up and mechanical knowledge of the product will fail at the first breakdown. To keep the customers happy they need to have faith that the machine will not be out of action and not working for large time periods. This costs the farmer a lot of money especially during the critical time of harvesting.

 and  realised this and made sure to offer training for all the  staff at their world renowned technical training school in Nagpur, India. The  staff consisting of Mr K.R. Strohn, Mr W. Oehler and Mr M.I. Langton accompanied by  manager Mr K. Koepl. All these experts in the machinery were able to put all the relevant information across, with the help of Mr K.K. Nayyar, to 18 enthusiastic students who all will then be equipped to teach others in the net work of .

Mr K.K. Nayyar from Mahindra and Mahindra stated that **“This information transfer is vital and shows the commitment to the product for the future from ESM, Koepl and Mahindra and Mahindra.”**

Mr K.K. Nayyar explaining and teaching the students about the 

Mr W. Oehler of ESM training Mahindra and Mahindra staff.

Mr M.I. Langton from ESM with the help of Mr. K. Koepl and Mr K.K. Nayyar teaching the students on the machine operation and driving.

Students learning to drive in the car park.

Mr K.K. Nayyar explaining the workings of the 

Students hitching up the 

Training complete and everyone happy with being able to support their customers.

**SPECIAL THANKS TO ALL THE PARTICIPIENTS
AND MAHINDRA AND MAHINDRA TRAINING
SCHOOL FOR OFFERING EXCELLENT
FACILITIES.**
